# Opening Session and Breakfast Honoring the Dental Team

Bring your entire office team to breakfast and hear an uplifting message that will inspire everyone to realize the power of one. The entire dental team is welcome to attend this opening session where a continental breakfast will be served. Seating is limited to first-come, first-served.

**Friday, April 16, 8 – 9 a.m.**

**Hilton Anaheim Hotel, Pacific C and D**

Erin Gruwell accomplished what many thought impossible. She helped 150 of her students, many of whom were written off by the education system, use the power of education to write a book, graduate from high school and attend college.

Gruwell's tenacity and dedication to her students is chronicled in the published text *Freedom Writers' Diary – How a Teacher and 150 Teens Used Writing to Change Themselves and the World Around Them*. Jersey Films and Universal will be turning her inspiring story into a major motion picture in 2004, starring Cameron Diaz.

Ms. Gruwell's commitment to teaching tolerance and unique vision have won national media attention. She was named Teacher of the Year by the California Commission on Teacher Credentialing; and her students have appeared on the *Oprah Winfrey Show*, ABC's *Good Morning America*, *Prime Time Live*, *The View*, *The Rosie O'Donnell Show*, and CSPAN's *Book TV*.

Ms. Gruwell founded and is the president of the Tolerance Education Foundation – a nonprofit organization devoted to teaching tolerance and funding college scholarships to underprivileged students. She created the "Ambassadors of Tolerance Tour" which took the Freedom Writers to visit Auschwitz concentration camp in Poland, Anne Frank's attic in Amsterdam, and war-torn Sarajevo. Their unique journey was chronicled by Academy Award-nominated filmmakers and will be a feature-length documentary.

Her story will inspire you to reach beyond yourself and make a difference in the lives of those around you.

**Free to members and paid registrants.**

**Register online [www.cda.org](http://www.cda.org) beginning Dec. 15**

# Membership Celebration

*CDA is proud to present*

## The Bacon Brothers at the House of Blues Anaheim

**T**he Bacon Brothers, consisting of the actor Kevin Bacon (*Apollo 13*, *The River Wild*, *JFK* and *A Few Good Men*) and his brother, Michael, will be performing at The House of Blues Anaheim, located in the Downtown Disney® District. Formed in 1994, The Bacon Brothers have gone on to become one of the country's hottest live bands with successful, sold-out performances across the country.

They released their fourth album, a double live CD, and their first live video on November 11. Their music is an enticing mixture of folk, rock, soul and country. The House of Blues is one of Anaheim's hottest entertainment venues, providing the best in live music and eclectic southern cuisine. This exclusive concert will surely sell out, so purchase your tickets early!

**Saturday, April 17, 7:30 – 9:30 p.m.**

**House of Blues, Downtown Disney® District**

Event # 37

Ticket Price: \$40 includes appetizers, one drink (beer, wine or non-alcohol) and one all-day pass on the Anaheim Resort Transit\*. To order, complete the Special Events section of the Advance Registration Form on Page 892.

*\*Anaheim Resort Transit provides shuttle service to and from the Anaheim Convention Center and most hotels on the CDA housing block to the Downtown Disney® District. The Candy Cane Inn, Sheraton Anaheim, Hyatt Regency Orange County and Hilton Garden Inn all provide complimentary shuttle service to and from the Disneyland Resort®.*

**Register online [www.cda.org](http://www.cda.org) beginning Dec. 15**

# Children's Program

**Please note:** For the safety and productivity of all attendees, children younger than 13 will only be permitted on the exhibit floor from 9:30 to 11:30 a.m. each day. Child care is provided at the Hilton Anaheim Hotel from 8 a.m. to 6 p.m. each day. Additionally, a "Kid Zone" will be provided on the exhibit floor during exhibit hours for a fee of \$5 per child. There is a daily four-hour maximum for each child.

**Dates:** April 15 - 18, 2004  
**Location:** Hilton Anaheim Hotel  
Third Floor  
**Time:** 8 a.m. - 6 p.m.

CDA is pleased to offer a children's program by KiddieCorp during the Anaheim Scientific Session. Questions regarding the child care program can be directed to KiddieCorp at (858) 455-1718; fax: (858) 455-5841; e-mail: cdakids@Kiddiecorp.com

## Advance registration cancellation and reservation deadline

The advance registration deadline is March 18, 2004.

Advance registration is strongly encouraged. Cancellations received after March 18, 2004 will not be eligible for a refund.

## No-show policy

Parents who do not arrive within 15 minutes of their reserved times will forfeit their reservations and not be eligible for a refund.

## Stroller check

For the convenience and safety of all attendees, strollers are not permitted on the exhibit floor. A stroller check will be available for \$2.

## Kid Zone

A "Kid Zone" will be provided in Hall D of the exhibit floor during exhibit hours for a fee of \$5 per child. There is a daily four-hour maximum for each child.

## Children 6 months to 6 years

KiddieCorp professionals are bonded, qualified child care specialists who are carefully selected and trained. Age-appropriate activities are selected for the children who join them during the meeting.

Parents with infants must provide diapers, changing supplies, milk, formula, baby food, etc. Please label personal belongings and lunches. Nutritious snacks and beverages will be provided by KiddieCorp. Meals can be supplied by parents or purchased at the children's program registration area.

**Cost:** Full day: \$25  
Half day: \$15 (8 a.m. - 1 p.m. or 1-6 p.m.)

## Older children's program for ages 7 to 12

Specially designed for children 7 to 12 years old, this program by the professionals at KiddieCorp will keep your kids entertained while you attend lectures or visit the exhibit floor. Activities, games and movies will be provided in a structured environment for your child's entertainment.

**Cost:** Full day: \$25  
Half day: \$15 (8 a.m. - 1 p.m. or 1 - 6 p.m.)

----- *Clip and Mail Directly to KiddieCorp* -----

## ACDA Picnic at Disneyland<sup>®</sup>

The Alliance of the California Dental Association invites you to attend a picnic at Disneyland<sup>®</sup> Park. On Friday, April 16, from 5 to 7 p.m., we'll have private visits from Disney characters and entertainment in our own picnic area. Dinner will include barbecued chicken and beef ribs, baked beans or roasted corn, potato salad, rolls, ice cream, soft drinks and tea. **NOTE: This dinner does not include park admission.**

ACDA will once again subsidize the cost of the entertainment as our gift to the dental community.

**Detach and mail with payment to: ACDA Family Picnic, 2831 J St., Sacramento, CA 95816**  
**For more information on the ACDA picnic only, contact Deborah Adair at (916) 487-3038**

# Thursday Workshops

## Dam-It, It's Easy! — Basic Program

Mary Costello, CDA

Room: ACC — 213 C  
Time: 9 a.m. - noon  
Audience: D, H, A  
C.E. units: 3.0  
Fee: \$110  
Course #: 001

This fast-paced seminar combines a multimedia presentation with hands-on participation featuring simplified dental dam application techniques that expedite placement. The following basic techniques will be discussed during this presentation: clampless technique, simple guidelines for clamp/retainer selection, winged technique — a combined-step method, modified winged technique — the wingless alternative, and loop technique — a method to expedite dam placement through tight contacts. Participants will learn to apply dental dams to endodontic therapy, restorative dentistry (posterior teeth) and composite-bonding (anterior teeth). In addition, helpful hints and suggestions will be given for dam usage for various clinical procedures, which include interproximal restorations, structurally compromised teeth and fixed bridges.

## Dam-It, It's Easy! — Advanced Program

Mary Costello, CDA

Room: ACC — 213 C  
Time: 2 - 5 p.m.  
Audience: D, H, A  
C.E. units: 3.0  
Fee: \$110  
Course #: 002

This hands-on seminar is intended for those who possess basic dental dam applications skills and wish to expand their usage of dams for more-complicated isolations. The program presents a brief review of simplified application techniques that expedite dam placement. In addition, participants will learn how to apply dental dams to typodonts utilizing some of the advanced techniques discussed in the program.

## Complying With Today's OSHA: A Complete Guide for the Dental Office

Eve Cuny, RDA, MS

Room: ACC — 213 A  
Time: 9:30 a.m. - noon  
and repeats 2 - 4:30 p.m.  
Audience: D, H, A, O  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$125 per half-day session  
Course #: 003 (a.m.)/004 (p.m.)

Cal/OSHA regulations continue to have significant impact on dental practices. Whether starting an office program from scratch or updating a regulatory compliance program, dentists and staff can learn from this course how to ensure that the necessary information is included. Attendees will build an OSHA manual that is specific to their practices. Practical tips for compliance and the majority of the annual OSHA training requirements are incorporated into the workshop to maximize the benefit for each participant. All attendees will receive a copy of the CDA Regulatory Compliance Manual. **(Meets new C.E. requirements.)**

## Successful Bone Grafting Techniques for Ridge Preservation and Augmentation for the General Practitioner

Jim Grisdale, DDS

Room: ACC — 213 B  
Time: 9:30 a.m. - noon  
and continues 2 - 4:30 p.m.  
Audience: D  
C.E. units: 5.0  
Fee: \$365  
Course #: 005

Prevention of alveolar bone loss and maintenance of alveolar bone structure are mandatory for long-term stability of conventional or implant-supported prosthetic replacements. This course emphasizes the technical aspects of ridge preservation and augmentation in addition to the practical aspects of presenting and preparing cases. Topics include diagnosis and treatment of soft and hard defects; contemporary ridge preservation/augmentation techniques, and the choice of appropriate graft materials and membranes for successful regeneration. All procedures are taught using anatomically correct models, and all instrumentation is provided.

## Hiring to Firing: Effective Employment Practices — TDIC Risk Management Seminar

David J. Weiss, Esq.; Curtis D. Jansen, DDS

Room: ACC — 211 A/B  
Time: 8:30 - 11:30 a.m.  
and repeats 1 - 4 p.m.  
Audience: D, S only  
C.E. units: 3.0 AGD Credits  
Fee: \$50  
Risk management discount: 5 percent

Sponsored by The Dentists Insurance Company.

For registration information, visit TDIC's web site at [www.thedentists.com](http://www.thedentists.com) or call (800) 733-0635.

To protect dentists from allegations arising out of the employer/employee relationship, TDIC will analyze dentists' employment practices and procedures, evaluate their exposures, and establish new systems for documenting and communicating with employees. The seminar will address some of the most common employment issues that dentists face: sexual harassment, pregnancy discrimination, wrongful termination, and wage and hour issues.

## Infection Control Update and More: 2004

Risa Simon, CMC

Room: ACC — Ballroom D  
Time: 9 - 11 a.m.  
and repeats noon - 2 p.m.  
Audience: G  
C.E. units: 2.0 (a.m.)/2.0 (p.m.)  
Fee: Free. Ticketed attendees **must** arrive 15 minutes prior to course.  
Course #: 006 (a.m.)/007 (p.m.)

This fast-paced program updates and reviews recommendations from the Centers for Disease Control and Prevention, the Dental Board of California's Infection Control Regulations and OSHA's new bloodborne directive. Updates include information on disease control, new hand hygiene protocols, NIOSH's latex allergy alert, needle safety requirements, post-exposure prophylaxis, record-keeping, instrument management, dental unit waterline solutions, hazard communication, sharps and waste management, ergonomic applications to dentistry, and self-directed safety inspections. This course can be taken as an initial course, refresher course or an annual update, as required by OSHA. **(Meets new C.E. requirements.)**

# Friday Workshops

## Opening Session and Breakfast Honoring the Dental Team

Erin Gruwell

Room: Hilton — Pacific C/D  
Time: 8 - 9 a.m.  
No cost

*Seating is limited to first-come, first-served.*

Honor your dental team with breakfast and an uplifting message that will inspire everyone to realize the power of one. The entire dental team is welcome to attend this opening session where a continental breakfast will be served. See Page 2 for more information.

## Expanded Duties for the Experienced Dental Assistant\*

Ann Behrends, DDS, FAGD; Janet P. Gonzalez, DDS

Room: ACC — 213 A  
Time: 9:30 a.m. - noon  
and repeats 2 - 4:30 p.m.  
Audience: A  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$125 per half-day session  
Course #: 008 (a.m.)/009 (p.m.)

The dental assistant has become a valuable part of the oral health care team. Achieving excellence in dental assisting requires mastering the skills taught in this course. Participants in this course will learn about the various materials and techniques for fabrication of provisional crowns and bridges. This course will also cover timely tips for accurate impressions and minor in-office denture and partial repairs.

Participants will also have an opportunity to practice these techniques in the hands-on portion of the class. (This workshop has a recommended prerequisite lecture on Thursday.)

## California Infection Control Requirements

William M. Carpenter, DDS, or Eve Cuny, RDA, MS

Room: Hilton — Pacific C  
Time: 3 - 5 p.m.  
Audience: D, H, A, T, O  
C.E. units: 2.0  
Fee: Free. Ticketed attendees **must** arrive 15 minutes prior to course.  
Course #: 010

All California licensed dentists, assistants and hygienists must complete at least two hours

of infection control continuing education for recalculation. This program meets those requirements by providing up-to-date information on bloodborne diseases of concern in the dental office and current infection control recommendations and regulations. Many topics are covered in this fast-paced course including transmission of HIV, hepatitis B and C, disinfection, sterilization, dental unit waterlines, and regulatory activity that has a direct effect on dental practices. **(Meets new C.E. requirements.)**

## Digital Photography in Dentistry: A Workshop\*

James R. Dunn, DDS

Room: ACC — 213 C  
Time: 10 a.m. - 12:30 p.m.  
and repeats 2:30 - 5 p.m.  
Audience: D, H, A  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$130 per half-day session  
Course #: 011 (a.m.)/ 012 (p.m.)

This workshop will review current and emerging technologies in digital photography and answer the following questions: How do I use digital photography in a dental practice? How much resolution is needed? How do I select a camera system? How do I capture, manipulate, distribute and print digital pictures? What computer hardware and software do I need? How do I communicate to patients, third-party payers and laboratories; keep records; and e-mail with digital pictures? Is there an advantage to digital photography over film? At the end of this workshop, participants should be able to understand camera systems for dental use; select computer hardware and software used for digital photography; and capture, manipulate, distribute, project and print a digital image.

## California Law Update: Your Legal Lifeline!

Bette E. Robin, DDS, JD

Room: Hilton — Pacific C  
Time: 11 a.m. - 1 p.m.  
Audience: D, H, A  
C.E. units: 2.0  
Fee: Free. Ticketed attendees **must** arrive 15 minutes prior to course.  
Course #: 013

Legal issues increasingly plague dentists in today's modern practice. This seminar meets the new continuing education requirement for California law and discusses information and

updates to the Dental Practice Act, regulations on scope of practice, and prescribing drugs. Also discussed will be patient consent issues, Dental malpractice concerns and compensation laws. **(Meets new C.E. requirements.)**

## Better Quality and More-Diagnostic Full-Mouth X-Rays\*

Thomas D. Schiff, DMD

Room: ACC — 213 D  
Time: 9:30 a.m. - noon  
and repeats 2 - 4:30 p.m.  
Audience: D, H, A  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$110 per half-day session  
Course #: 014 (a.m.)/015 (p.m.)

Dr. Schiff will discuss and demonstrate panoramic and digital imaging and how they fit into the dental practice. Through slides and discussions, coverage of most aspects of dental radiology, such as seven steps to get excellent images using right-angle paralleling film placement, which results in more-accurate and diagnostic images. Use of rectangular collimation and the fastest-speed film will be discussed, as well as management of the "gagger" patient. Other aspects of dental radiology covered include prescription of films, size of films, viewing films, legal aspects of dental radiology, and darkroom hygiene. The second part of the workshop will be hands-on. Image receptors will be demonstrated, and images will be exposed and evaluated.

# Friday Workshops

## Cast Gold Workshop 2004\*

Bruce W. Small, DMD

Room: ACC — 213 B  
 Time: 10 a.m. - 12:30 p.m.  
 and continues 2:30 - 5 p.m.  
 Audience: D  
 C.E. units: 5.0  
 Fee: \$305  
 Course #: 016

This workshop is designed to improve clinical skills with cast gold and create restorations that can last a lifetime. Simplified step-by-step procedures will be demonstrated and practiced by all participants. Attention to detail and refinement of the preparation using hand instruments will be emphasized to help create imperceptible gold foil-like margins for lifetime restorations. Emphasis will be placed on the classic Class 2 inlay preparation including when to use auxiliary retention and when to onlay.

## Hiring to Firing: Effective Employment Practices—TDIC Risk Management Seminar

David J. Weiss, Esq.; Curtis D. Jansen, DDS

Room: ACC — 211 A/B  
 Time: 9:30 a.m. - 12:30 p.m.  
 and repeats 2 - 5 p.m.  
 Audience: D, S only  
 C.E. units: 3.0 AGD Credits  
 Fee: \$50  
 Risk management discount: 5 percent

Sponsored by The Dentists Insurance Company.

For registration information, visit TDIC's web site at [www.thedentists.com](http://www.thedentists.com) or call (800) 733-0635.

To protect dentists from allegations arising out of the employer/employee relationship, TDIC

will analyze dentists' employment practices and procedures, evaluate their exposures, and establish new systems for documenting and communicating with employees. The seminar will address some of the most common employment issues that dentists face: sexual harassment, pregnancy discrimination, wrongful termination, and wage and hour issues.

# Saturday Workshops

## Workshop/Lecture Legend

This symbol key will help you determine which workshops and lectures are appropriate for you and your staff to attend.

<b>Dentists</b>	<b>D</b>
<b>Hygienists</b>	<b>H</b>
<b>Assistants</b>	<b>A</b>
<b>Office Staff</b>	<b>O</b>
<b>Dental Lab Technicians</b>	<b>T</b>
<b>Spouses</b>	<b>S</b>
<b>All Attendees</b>	<b>G</b>

\* Workshops marked with an asterisk require that you bring supplies. Supply lists are available in advance by calling CDA at (800) 736-7071, Ext. 4520, or (916) 443-3382, Ext. 4520. The list will also be mailed with your confirmation. It is extremely important that you bring your own supplies and equipment to participate in these workshops.

## The Art of Endodontics: A Hands-on Course

L. Stephen Buchanan, DDS, FICD, FACD

Room: ACC — 213 C  
 Time: 9 - 11:30 a.m.  
 and repeats 1:30 - 4 p.m.  
 Audience: D  
 C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
 Fee: \$225 per half-day session  
 Course #: 017 (a.m.)/018 (p.m.)

Attendees will learn the only system-based approach for treating all root canal forms, from large straight canals to severe apical bends. Use GT rotary and hand files safely and predictably to create ideal tapered preparations in extracted teeth, then clean and fill these shapes with centered compaction of warm gutta percha techniques that optimize three-dimensional fills. Digital radiography provides instant imaging of procedural progress, and enhances the laboratory experience. (This workshop has a required prerequisite lecture on Friday.)

## California Infection Control Requirements

William M. Carpenter, DDS, or Eve Cuny, RDA, MS

Room: Hilton — California C  
 Time: 10 a.m. - noon  
 and repeats 2 - 4 p.m.  
 Audience: D, H, A, T, O  
 C.E. units: 2.0 (a.m.)/2.0 (p.m.)  
 Fee: Free. Ticketed attendees **must** arrive 15 minutes prior to course.  
 Course #: 019 (a.m.)/020 (p.m.)

All California licensed dentists, assistants and hygienists must complete at least two hours of infection control continuing education for relicensure. This program meets those requirements by providing up-to-date information on bloodborne diseases of concern in the dental office and current infection control recommendations and regulations. Many topics are covered in this fast-paced course including transmission of HIV, hepatitis B and C, disinfection, sterilization, dental unit waterlines, and regulatory activity that has a direct impact on dental practices. **(Meets new C.E. requirements.)**

Register online [www.cda.org](http://www.cda.org) beginning Dec. 15

# Saturday Workshops

## Oral Surgery for the General Practitioner Workshop\*

Richard F. Jackson, DDS

Room: ACC — 213 A  
Time: 9:30 a.m. - noon  
and repeats 2 - 4:30 p.m.  
Audience: D  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$175 per half-day session  
Course #: 021 (a.m.)/022 (p.m.)

Using lifelike study models, each student in this workshop will have the opportunity to perform the following procedures: surgical extraction of fractured upper molar leading to sinus opening and repair, extraction in esthetic zone with ridge preservation, apicoectomy with retrofill, and third molar impactions.

## Mock Aircraft Accident

William M. Morlang, II, DDS, DABFO

Room: ACC — 211 A/B  
Time: 9 a.m. - noon  
and continues 2 - 5 p.m.  
Audience: D, H, A  
C.E. units: 6.0  
Fee: \$275  
Course #: 023

Attendees will participate in a daylong workshop to accomplish the identification of human remains associated with a mock aircraft accident at John Wayne Airport. Participants will work with actual human remains that are accessioned as federal evidence, news items, an airline manifest, missing persons reports, medical/dental records, medical/dental radiographs and WINID computer products. Attendees will be placed on independent teams of 10 people to accomplish this disaster exercise. The workshop will begin with a briefing on the mock aircraft mishap and will end with a briefing on the major problem areas associated with this mock disaster and the major identification findings. (This workshop has a required prerequisite lecture on Friday.)

## Creating Reality With Direct Bonded Composites — A Hands-on Experience

Gary M. Radz, DDS

Room: ACC — 213 B  
Time: 9:30 a.m. - noon  
and continues 2 - 4:30 p.m.  
Audience: D  
C.E. units: 5.0  
Fee: \$305  
Course #: 024

By using the right materials and proper technique, it is possible to create direct bonded restoratives that defy detection. This hands-on course is design to teach the techniques and proper use of materials to allow participants to create beautiful, lifelike restoration in their offices right away.

## California Law Update: Your Legal Lifeline!

Bette E. Robin, DDS, JD

Room: Hilton — California D  
Time: 9 - 11 a.m.  
and repeats 1 - 3 p.m.  
Audience: D, H, A  
C.E. units: 2.0 (a.m.)/2.0 (p.m.)  
Fee: Free. Ticketed attendees **must** arrive 15 minutes prior to course.  
Course #: 025 (a.m.)/026 (p.m.)

Legal issues increasingly plague dentists in today's modern practice. This seminar meets the new C.E. requirement for California law and discusses information and updates to the Dental Practice Act, and regulations on scope of practice and prescribing drugs. Also discussed will be patient consent issues, Denti-Cal concerns and compensation laws. **(Meets new C.E. requirements.)**

## Radiosurgery: A Safe, Simple and Profitable Alternative to Traditional Surgery

Jeffrey Sherman, DDS, FACD, FICD

Room: ACC — 213 D  
Time: 9 - 11:30 a.m.  
and repeats 1:30 - 4 p.m.  
Audience: D, H, A  
C.E. units: 2.5 (a.m.)/2.5 (p.m.)  
Fee: \$175 per half-day session  
Course #: 027 (a.m.)/028 (p.m.)

Radiosurgery is one of the most important and versatile instruments in dentistry today. Its numerous uses range from performing surgical incisions to establishing hemostasis. Radiosurgery offers the advantages of a safe, fast and efficient incision with a better field of visibility. The radiosignal establishes hemostasis while minimizing the need for sutures. This course has been designed to offer the dentist a comprehensive study of radiosurgery on the latest surgical equipment. Dr. Sherman will discuss and demonstrate all radiosurgical cutting, coagulation and figuration modes, basic fundamentals and advanced procedures. Participants will utilize the various waveform settings to simulate the various procedures. Dr. Sherman will review the ADA codes for radiosurgical procedures and fee schedules.

Register online [www.cda.org](http://www.cda.org) beginning Dec. 15

# Sunday Workshops

## Workshop/Lecture Legend

This symbol key will help you determine which workshops and lectures are appropriate for you and your staff to attend.

Dentists	D
Hygienists	H
Assistants	A
Office Staff	O
Dental Lab Technicians	T
Spouses	S
All Attendees	G

\* Workshops marked with an asterisk require that you bring supplies. Supply lists are available in advance by calling CDA at (800) 736-7071, Ext. 4520, or (916) 443-3382, Ext. 4520. ## California Infection Control Requirements

William M. Carpenter, DDS, or Eve Cuny, RDA, MS

Room:	ACC — Ballroom A
Time:	8:30 - 10:30 a.m.
Audience:	D, H, A, T, O
C.E. units:	2.0
Fee:	Free. Ticketed attendees <b>must</b> arrive 15 minutes prior to course.
Course #:	029

All California licensed dentists, assistants and hygienists must complete at least two hours of infection C.E. for relicensure. This program meets those requirements by providing up-to-date information on bloodborne diseases of concern in the dental office and current infection control recommendations and regulations. Many topics are covered in this fast-paced course, including transmission of HIV, hepatitis B and C, disinfection, sterilization, dental unit waterlines and regulatory activity that has a direct impact on dental practices. **(Meets new C.E. requirements.)**

## Composite Mirroring Workshop

Brian P. LeSage, DDS, FAACD

Room:	ACC — 213 B
Time:	9 a.m. - 1 p.m.
Audience:	D, A
C.E. units:	4.0
Fee:	\$275
Course #:	030

This workshop will allow dental professionals to practice the art and science of composite artistry in a clinical environment. The same skills observed in lecture through explanation, diagrams and clinical photography will be applied directly on a typodont model. The exercise will involve placing the bevel, incrementally building the dentinal lobes, placing surface anatomy and texture, and polishing to the appropriate finish. Additionally, participants will fabricate a direct composite veneer that will demonstrate polychromicity, incisal effect and incisal halo. Macroesthetics and, more importantly, microesthetics principles will be covered in depth, which will enable participants to place a seamless direct composite anterior restoration. (This workshop has a recommended prerequisite lecture on Saturday.)

## Custom-Made Athletic Mouthguard Fabrication

Ray R. Padilla, DDS

Room:	ACC — 213 A
Time:	9 a.m. - 1 p.m.
Audience:	D, T
C.E. units:	4.0
Fee:	\$145
Course #:	031

This course will provide a hands-on experience in fabrication of custom-made mouthguards including the new pressure-laminated mouthguard and discuss the vast difference between conventional vacuum and pressure. Several pressure machines will be reviewed, including the Drufomat, Erkopress and Erkoform RVE. Outside laboratory fees may be as much as \$40 to \$100 per mouthguard, depending on the type fabricated. These same mouthguards may be fabricated in the office for less than \$10. These pressure machines may also be used for fabrication of occlusal splints, provisional stents, custom trays, bleaching trays, fluoride trays, denture and partial base plates, model duplication, and orthodontic retainers.

## California Law Update: Your Legal Lifeline!

Bette E. Robin, DDS, JD

Room:	ACC — Ballroom B
Time:	9 - 11 a.m.
Audience:	D, H, A
C.E. units:	2.0
Fee:	Free. Ticketed attendees <b>must</b> arrive 15 minutes prior to course.
Course #:	032

Legal issues increasingly plague dentists in today's modern practice. This seminar meets the new C.E. requirement for California law and discusses information and updates to the Dental Practice Act and regulations on scope of practice and prescribing drugs. Also discussed will be patient consent issues, Denti-Cal concerns and compensation laws. **(Meets new C.E. requirements.)**

## Periodontal Surgery Sampler for the Decathlon Dentist

Don Rolfs, DDS

Room:	ACC — 213 C
Time:	8 a.m. - 1 p.m.
Audience:	D
C.E. units:	5.0
Fee:	\$305
Course #:	033

This intense hands-on workshop focuses on the basics of periodontal flap surgery. Each participant will perform surgical flap procedures on a fresh swine mandible under the guidance of a master clinician and teacher. Dr. Rolfs will explain, then demonstrate, each procedure just before the participants do it. Participants take home a profusely illustrated, 102-page manual that describes each procedure step by step. Designed specifically for general practitioners, the program covers flap procedures that are appropriate for the general dental office. Subjects covered will include flap design, instruments, basic surgical skills, suture concepts, apically positioned flaps, distal wedge and continuous sling suture.

Register online [www.cda.org](http://www.cda.org) beginning Dec. 15
