

Save dental funding

Join the fight

to protect Medi-Cal Dental funding!

Share your story

Help fight nearly a billion dollars in cuts to Medi-Cal Dental.

Today, one out of three Californians depend on Medi-Cal for dental services.
That's 15 million people!

The California Dental Association is collecting patient stories to let elected officials know how program cuts could have a devastating impact on the oral health of individuals, families and communities across our state.

Want to make your voice heard? Here's how:

- Snap the QR code below or visit cda.org/stories.
- Complete the short, secure and confidential online form.
- Share how access to Medi-Cal Dental services improved your health or the health of family members and how cuts would change your ability to receive care.

Thanks for your support as we work to protect essential care!
