

Providing Health, Hope and Happiness

2017 Annual Report

Welcome

The CDA Foundation was established in 2001 with a sole purpose — to make a lasting and positive impact on the lives of underserved Californians. Sixteen years later we're proud to say that thanks to the generosity of volunteers and donors like you, the Foundation has enabled thousands of people who faced barriers to care to access essential dental treatment that relieves pain, restores dignity and instills hope.

In 2017 alone, our CDA Cares events provided \$2.85 million in dental care at no cost to create smiles for 3,479 people. Individuals and families gained access to improved oral health, relief from pain and infection, increased self-confidence and improvement in overall quality of life.

We enhanced our community giving to help restore hope for hundreds of people who experienced loss and devastation during some of the most distressing natural disasters of our time. Through our Disaster Relief Grant, we provided emergency assistance for dental professionals affected by the California wildfires.

The Student Loan Repayment Grant again provided an exceptional new

dentist \$105,000 in loan repayments over three years in recognition of the commitment to practice in an underserved community. By reducing the financial burden for dentists to serve populations in need, we're increasing access to care across the state.

As we expanded our philanthropic endeavors, we elected a new board of directors to help guide the Foundation's ongoing efforts to assist in our mission to improve the oral health of all Californians by supporting the dental profession in its efforts to meet community needs. We look forward to continuing working with our volunteers and donors to give even more to our communities throughout the years to come.

Together, we provide health, hope and happiness.

Ronald Mead, DDS
*Chair, CDA Foundation Board
of Directors*

Board of Directors

The CDA Foundation formed a new board of directors in 2017 to guide the Foundation's ongoing efforts to support dental professionals, reduce barriers to care and improve Californians' oral health.

“Health is the thing that makes you feel that now is the best time of the year.”

— FRANKLIN PIERCE ADAMS

CDA Cares

RESTORING DIGNITY

Each CDA Cares event provides no-cost dental care over the course of two days. We focus on the underserved who experience barriers to care and help relieve pain, restore dignity and create smiles for thousands of Californians.

Dental care at each event includes extractions, fillings, cleanings and oral health education. Time and resources permitting, root canals, dentures and stayplates are also provided.

HEALTH

TOTAL IMPACT 2017:

3,479

people received care at
CDA Cares in San Mateo
and Bakersfield, reflecting

\$2.85

million in donated care with

22,099

procedures completed
through the work of

3,496

dedicated volunteers.

“I’m very, very happy to fix my teeth so I can eat well and smile a lot... I thank you very much for everything. It feels good.”

— CDA CARES BAKERSFIELD 2017
DENTURE PATIENT

Support From our Sponsors

CDA Cares is made possible in part through the generous donations of our corporate sponsors. Their monetary contributions, donations of equipment and supplies and volunteer manpower help transform the lives of thousands of people in need.

Some of the Foundation's largest supporters — Western Dental, Henry Schein Cares, The Dentists Insurance Company, Patterson Dental, GES and the county of San Mateo — allowed CDA Cares to continue to provide essential dental treatment in 2017.

Many of our corporate sponsors have supported our efforts to provide care at no charge since our first event in 2012. To date, more than 23,000 people have benefited from \$19.25 million in dental services provided by CDA Cares thanks in part to our sponsors.

Fluoridation

In 2017, the largest city in the nation without water fluoridation, San Jose, Calif., began implementing fluoridation at two treatment plants in the Santa Clara Valley Water District. This was made possible with support from coalition partners and a deep commitment from local stakeholders.

Further expansion of water fluoridation will occur in San Jose with implementation at the McLaughlin wellfield, estimated to begin between

Nov. 30, 2018, and Aug. 31, 2019, and a third water treatment plant, which is on track to begin fluoridation in 2020.

In California, these projects and others initiated since the 1990 law went into effect have brought access to fluoridated drinking water from just 17 percent to approximately 67 percent of the state's population, and the CDA Foundation remains an engaged partner in these activities.

CAMBRA

The CDA Foundation developed an easy-to-access, online program to increase dentists' confidence to see babies and young children, using caries risk assessment and chronic disease management principles to reduce the prevalence of dental caries. This program, known as TYKE (Treating Young Kids Every Day), is available on cda.org and was completed by more than 450 dental professionals in 2017.

Further, the CDA Foundation was at the forefront of disseminating research on caries management by

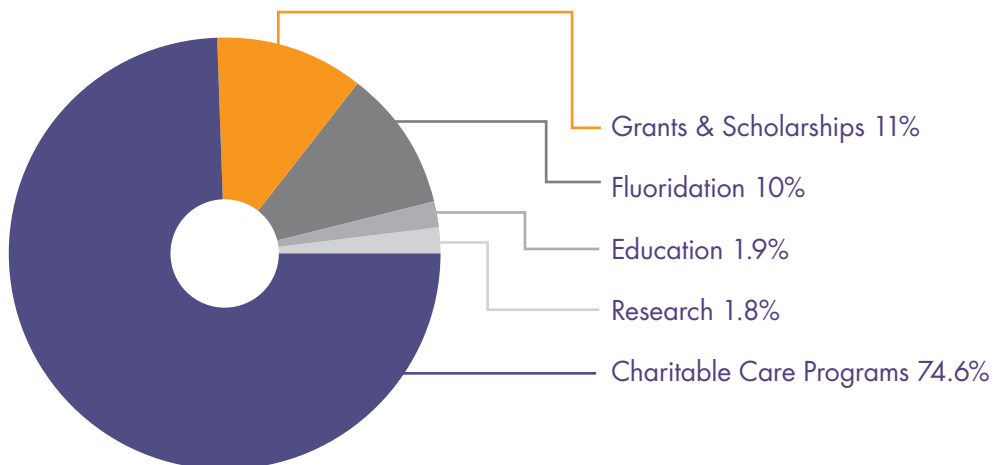

risk assessment (CAMBRA), publishing the seminal work on the subject in the Journal of the California Dental Association more than 10 years ago. In the following years, continuing its support for CAMBRA researchers and practitioners, the Foundation in partnership with the UCSF School of Dentistry has managed a multiyear practice-based research network project. The data-gathering phase of that project headed into its final phase in 2016, and we anticipate learning the results and publishing them in the CDA Journal in 2018.

Financials

2017

| | |
|--------------------------|--------------------|
| Charitable Care Programs | \$2,052,765 |
| Grants and Scholarships | \$303,063 |
| Fluoridation | \$293,233 |
| Education | \$54,765 |
| Research | \$47,639 |
| Total: | \$2,751,465 |

\$0.91 cents of every dollar raised goes to funding programs.

“My family lost everything to the Tubbs fire in October ’17 and recouping is long and difficult to say the least. Your generous gift is much appreciated and will be put to good use.”

— DISASTER RELIEF GRANT 2017 RECIPIENT

A photograph of two young children. In the foreground, a girl wearing a white hijab with a black floral pattern looks upwards and to the right. In the background, another child is visible, wearing a red and white striped shirt, also looking upwards. The image has a soft, slightly blurred quality with a dark purple tint.

HOPE

“He who has health, has hope; and he who has hope, has everything.”

— THOMAS CARLYLE

Disaster Relief Grant

In the fall of 2017, more than a dozen wildfires ravaged California destroying 181,000 acres of land, including homes, practices and entire communities. While the CDA Foundation could not replace what was lost, we did help dental professionals in need by establishing the Disaster Relief Grant.

California dentists, dental staff members or component staff members affected by the wildfires were eligible for a one-time, single-installment grant, which provided financial assistance for immediate and emergency needs including shelter, clothing and food.

Nonprofit dental organizations focusing on preventive care, restorative care, fluoridation, consumer education and other programs that increase access to oral health care were also eligible to apply for the grant.

In total, \$170,782 was distributed among 41 recipients.

Student Loan Repayment Grant

The Student Loan Repayment Grant provides an annual award of up to \$35,000 (for a maximum of \$105,000 over three years) to assist a recently graduated dentist with repayment of education loans in exchange for the recipient's commitment to care for the underserved.

The 2017 recipient, Daniel Ramirez, DDS, is a graduate of the UCSF School of Dentistry and the first dentist in his family. He is dedicated to giving back to his community through the Coastal Health Alliance, a mobile clinic providing care in West Marin County.

His passion for helping others stems from his own experience of facing barriers to care as a child when his disabled mother's income was

below the poverty level. He plans to address health care obstacles through legislative initiatives, local community partnerships and organized dentistry.

"Complex challenges require creative, multifaceted approaches," Dr. Ramirez said. "Besides prevention, education and treatment, underserved patients also need an advocate who will fight for the elimination of barriers to care."

Dr. Ramirez' outreach efforts and community service extend outside dental care. In 2012, he founded Beautiful Smiles, where he remains the coordinator of outreach programs that provide mentorship, education, dental resources and preventive care to underserved Hispanic women and children in San Francisco's Mission District.

Webb Family Grant

The Webb Family Grant provides an annual award of \$5,000 toward education expenses for the individual who is selected runner-up for the Foundation's Student Loan Repayment Grant.

The 2017 recipient, Andrew Nguyen, DDS, will use the grant to continue his work as a full-time general dentist at the King Chavez Health Center in San Diego, the special-needs clinic that in conjunction with San Diego Regional Center provides dental care for approximately 3,000 patients with disabilities annually.

Dr. Nguyen grew up with a brother who has severe autism. He went on to serve this population after graduating in 2014 from the University of Detroit Mercy School of Dentistry and completing his general practice residency at Rancho Los Amigos National Rehabilitation Center, a program in Los Angeles County that emphasizes special-needs dentistry. There he learned to responsibly manage preoperative and postoperative patients.

"Patients with spinal cord injuries, craniofacial anomalies, cerebral palsy, intellectual disability, post-brain injury and neurologic disorders have limited access to dental care in the

community and elsewhere due to their disabilities," Dr. Nguyen said. "Many of these patients are not manageable in the special-needs clinic."

Among other community service commitments, Dr. Nguyen provided dental screenings and constructed mouth guards for athletes with special needs for the Special Olympics' Special Smiles program and completed a U.S. Navy mission in 2010 in Vietnam and Cambodia

"Patients with [...] neurologic disorders have limited access to dental care in the community and elsewhere due to their disabilities."

HAPPINESS

“Success is not the key to happiness. Happiness is the key to success. If you love what you are doing, you will be successful.”

— ALBERT SCHWEITZER

CDA Foundation Humanitarian Award

The CDA Foundation Humanitarian Award is given to California dentists who have distinguished themselves through a lifetime of outstanding, unselfish leadership and contributions to fellow human beings in the field of dentistry. The 2017 recipient, Lester Low, DDS, fully embodies everything for which the humanitarian award stands. He has dedicated his life to helping others, even when his own health was at risk.

HAPPINESS

“Dr. Low is a strong advocate for the importance of oral health, particularly among the homeless and working poor.”

Dr. Low has volunteered his dental services at St. Raphael's Dental Clinic, a program of St. Mary's Dining Room, since 1993. In 2008, he became the clinic's volunteer director and continues to recruit and screen volunteers, mentor staff and student volunteers, solicit donations of dental equipment and supplies and help ensure donated

funds are utilized efficiently. Under Dr. Low's leadership, St. Raphael's Dental Clinic provided free dental care to 1,693 patients in 2016. In 2012, early diagnosis and treatment helped Dr. Low beat squamous cell carcinoma of the tongue. Throughout his treatment, he continued to volunteer as director of the clinic.

“Dr. Low is a strong advocate for the importance of oral health, particularly among the homeless and working poor,” said Edward Figueroa, CEO of St. Mary's Dining Room in Stockton, Calif.

In addition to his ongoing commitment at St. Raphael's Dental Clinic, Dr. Low has been a volunteer dentist at Give Kids a Smile Day — a one-day dental clinic held at the University of the Pacific — since 2003 and has served as its dental clinic director since 2010.

Dr. Arthur A. Dugoni Faculty Award

The Dr. Arthur A. Dugoni Faculty Award acknowledges and supports eligible faculty affiliated with the state's six dental schools for their exceptional leadership, innovation, collaboration, compassion, philanthropic spirit and integrity in dental education.

The 2017 recipient, Richard Fredekind, DMD, MA, currently serves as executive associate dean at Pacific Dugoni School of Dentistry. He hopes to apply the \$5,000 award toward the purchase of technology to support communication that will engage students.

For the past 33 years, he has dedicated his career to spearheading key school initiatives including electronic health care records, centralized sterilization and developing the school's strategic plan "Transforming the Future of Oral Health Education."

"One of Dr. Fredekind's greatest qualities is how he exemplifies our 'humanistic' approach to education," said Nader A. Nadershahi, DDS, MBA, EdD, dean of Pacific Dugoni School of Dentistry. "He models a respectful, supportive and helpful nature that brings out these

qualities in others. Supporting our school's culture is of paramount importance and I am grateful for the qualities he brings to his role."

"One of Dr. Fredekind's greatest qualities is how he exemplifies our 'humanistic' approach to education."

Dr. Fredekind has worked with Project Homeless Connect to treat the homeless population in San Francisco, partnered with San Mateo Medical Center to treat the center's patients both in the hospital and at the Pacific Dugoni School of Dentistry and for more than 25 years collaborated with the San Francisco Department of Public Health in caring for HIV-positive patients. In the 1990s, he worked with the Trauma Foundation at San Francisco General Hospital to create a reporting template for needlestick injuries.

HAPPINESS

Dental Materials and Supplies Grant

The CDA Foundation offers in-kind support to community-based organizations statewide that provide dental care to underserved communities. In this way, dental supplies and materials reach local communities where they are needed most.

2017 Recipients

- Dientes Community Dental Care, Santa Cruz, Calif.
- Watts Healthcare Corporation, Los Angeles
- Children's Dental Foundation (Children's Dental Health Clinic), Long Beach, Calif.
- Berkeley Community Health Project, Berkeley, Calif.
- Vista Community Clinic, Vista, Calif.
- Elica Health Centers, Sacramento, Calif.
- UCLA Wilson-Jennings-Bloomfield Venice Dental Center, Venice, Calif.
- Saban Community Clinic, Los Angeles
- Conejo Free Clinic, Thousand Oaks, Calif.
- Gary and Mary West Senior Dental Center Inc., San Diego

Crowns for Kids Grant

Metals donated through the Crowns for Kids Grant program are recycled to fund community oral health projects for underserved children in local communities. In 2017, the Crowns for Kids Grant program awarded a total of \$30,255 toward dental projects in California.
